

# Giving Back

Winter 2014

## Mr. Food Test Kitchen Staff Walks to Stop Diabetes!

The Mr. Food Test Kitchen is a very busy place, but we still make time for important charitable events. The Step Out® Walk to Stop Diabetes® helps the American Diabetes Association (ADA) fundraise for a cure. After creating four diabetic-friendly cookbooks with the ADA, the Mr. Food Test Kitchen is more committed than ever to helping raise awareness. So this past fall, we led a team to walk in the 5K Fort Lauderdale event near our corporate headquarters.

## Howard Gives Thanks ... and Cooks Hundreds of Turkeys.

Howard spends Thanksgiving running the kitchen at the local church to help serve a sit-down dinner to more than 1,500 people who need a little assistance during the holiday. With the help of volunteers, he makes hundreds of turkeys and turns out lots of stuffing, and every year it's a highlight.

*"It's a 2-day affair of hard work, but it's well worth it and it allows me to share this experience with so many others."*

*~ Howard Rosenthal*

## Our team is encouraged to spread the ... "OOH IT'S SO GOOD!!"®

How many people does it take to pack up 100,000 meals for those in need? Well, two of our team members found out when they recently helped organize and pack meals for hungry children and families overseas. The dried meals were distributed through Stop Hunger Now, an international hunger relief agency. Our staffers, Amy Magro and Merly Mesa (pictured right), worked with more than 425 volunteers.
